Technology For Designing The Future

Course Name : *Intermediate NX Design and assemblies*

Course Overview

- **Intended audience**
 - This course is for designers, engineers, and CAD/CAM managers who need to create parametric solid models that capture design intent.

- **Prerequisites**
 - Essentials for NX Designers
 - Basic understanding of parametric modeling, and the Master Model Concept.

Class Timing: 10 AM to 3 PM (1st, 3rd and 5th Saturday of every month)
Break: 12 PM to 1 PM
