

**Anchor Institute of  
Solar Energy (A.I.S.E)**

**One Day Plant Visit of  
solar PV Power Plant**

**A Certificate Course  
on  
"Solar Photovoltaic Power Plant"**

**28th Jan  
to  
2nd Feb, 2019**

**Venue: GPERI, Mehsana**

**Near Mevad  
Toll-booth,  
Ahmedabad -  
Mehsana Express  
Highway, Ta. &  
Dist. Mehsana -  
384460, Gujarat,  
India.**

## About Anchor Institute of Solar Energy (AISE) and Its Objectives

'Anchor Institute of Solar Energy (AISE)' is an Institute of national importance to provide skill based training in a fastest growing solar energy sector. This institute has been set up by 'CED (The Centre for Entrepreneurship Development, A Government of Gujarat Organization)' at 'Gujarat Power Engineering and Research Institute (GPRI)'. AISE is a fully funded and supported institute by CED, Government of Gujarat. There are nodal centres attached to the AISE.

Its main purpose is to train trainers in the field of solar energy by conducting maximum number of skill based training program and also to enhance skills of the fresh and experienced graduates (B.E./B.Tech., M.E./M.Tech., research scholars), R&D professionals, working professionals, entrepreneurs, business professionals, consultants etc. In addition, AISE also organizes the customized training programs in the field of solar energy as per the needs of the industries, educational institutions, and group of students at different levels. These Courses are organized throughout the calendar year.

## About the Programme

The aim of this program is to provide training of various components and tools used in installation, commissioning and operation & Maintenance of solar PV power plant. This training program also focuses on the government policy and sizing the PV plant. Also, this program highlights cutting edge research areas like MPPT and grid integration of the PV.

## Who can participate/register

Solar Entrepreneurs, Senior Energy Department Officials of Government, Faculty members, Research Scholar in the field of Electrical Engineering, Energy Systems, Renewable Energy, Solar Energy etc. with minimum qualification of B.E./M.Sc. No. of Seats: 30. (First Come First Serve Bases).

## Speakers:

1. Mr. Nirat Patel, MD (Efficore Energy Solutions) & Solar PV Expert.
2. Dr. Brijesh Tripathi(PDPU), Assistant Professor, PDPU.
3. Mr. Suhag Patel, Assistant Manager, Adani Green Energy Limited.
4. Dr. V.M.Modi, Academic Co-ordinator, Dantiwada, Agricultural University

## Mode of Training

Class Room Teaching, Field Visit, Hands on Exercise.

## Registration Fee per Participant

Student	Rs.1000/-
Academician	Rs.1500/-
Industrial Professionals-	Rs.4000/-

This includes Lunch and high Tea and field visit transportation expenses. Travelling and other expenses are to be borne by the participant

## How to Apply

Participants can register the course through following link:

<https://goo.gl/forms/8FE8NzI7yDUIMnf2>

## Bank Details

Name of account : GPRI ANCHOR INSTITUTE-SOLAR

Bank:- Axis Bank

Branch Address: Bhimnath House, Near Janpath hotel, Radhanpur cross road, Mehsana, Gujarat 384002

Account Number :- 917010037911955

IFSC Code of the branch:- UTIB0000130

MICR Code 384211002

Project Officer,AISE:-Prof.Vivek Patel  
Mo-8511107681

Email id- solarinstitute@gperi.ac.in
